WEB DESIGNING:

In the age of Internet, web presence is a must. World have shrink right under our fingertips. One gets all information just by sitting at one place on the computer and makes him aware of the latest technology and latest news. Website adds to your net profit and helps to expand your business. In this changing world every businessman & common men will feel that he or she should have him own website. In this competitive world one's site should be regularly updated and changed to make it more interesting, more informative & innovative to attract more hits on the net. We are in this field since last 6 years.

We have designed various e-commerce enabled as well as normal websites for many of our clients. Some of the websites, which have been designed for our various clients, are as under. We have tried our level best to fulfill the requirements of our client. We very often put forward our suggestions about the site & give new innovative ideas, we also welcome the ideas put forward by our few of prestigious web & presentation consultancy clients.

We are making websites with using Flash, Photoshop , Dream Weaver , Active server page

HTML,DHTML,VB Script, Java Script ,Java,PWS e.t.c.

You can visit some of our site on the Internet & observe the work done by us. The domain names of Few of our sites are as follows: -

- www.snstours.com
- www.topintown707.com
- www.mukat.com
- www.zealkids.com
- www.jjoverseas.com
- www.madfilms.tv
- www.batgach.com
- www.utexindia1.com

Multimedia

It is essential for the company to represent itself in a best way to acquire the best in its field. Where the company handover their printed profile to their clients which limited the online interactive they had to shoot video films, which increased the cost factor immensely.

An interactive multimedia company profile is economical as well as attractive since it uses the latest state of the art technology in the most economic way and provides a cutting edge technology to enhance the usage of the firm and its products.
